Anyone who has attended one of our previous Job Fairs or attended school at Great Lakes will notice that someone very important is missing this year. We here at Great Lakes were heartbroken to lose our own Steve Golas when he passed away in May. Steve was a great instructor and an even better man. He was a part of our family for close to fifteen years, from working at Hamrick School to helping us build Great Lakes Truck Driving School from the ground up. He took great pride in being an instructor here for the last seven years and we are proud and honored to have known him. He was much more than a colleague, he was our friend. He is deeply missed and fondly remembered. **“Straight Ahead!”**
